

### Interview Questions:

1. Do you think that the application is useful? It solves your problem or has the potential to turn your life easier?
2. Do you think that the design suits the problem? What aspects do you think must be improved?
3. Did you find the app user-friendly or hard to use?
4. Did you have some problems accessing the “Balance and Movements” Page?
5. Did you find it easy to access the page and understand your persona?
6. How easy is it to change your persona?

### Interview 1:

1. Nowadays I don't use any app of this type, but I think that this may turn my life easier. It looks easy to use and very useful.
2. I think that the design it's quite good. Probably I would include a “Go Back” Button.
3. The app it's user-friendly. The first time that I used it, I found everything instinctively at the first attempt.
4. No, was easy.
5. Yes, the graphs and the comparison with other people help to understand what we are doing well or badly.
6. Was easy, I just had to choose one and click on a button.

### Interview 2:

1. Absolutely yes! Usually, I use Excel to manage my budget, but this looks much easier and has more features.
2. Yes, the design it's quite simplistic and easy to use.
3. Yes, all the features/pages are easy to find, and the paths aren't big.
4. No, I just needed to go to the menu!
5. Was easy to access the page and easy to manage my persona settings. The graph comparing various personas seems very useful.
6. Quite easy!

### Interview 3:

1. It seems very useful to me. I don't understand very well how to manage my budget and the idea of the persona looks helpful.
2. The design looks well. Probably I will switch the "Main Menu" or "Exit" button for a "Go back" button. But it's quite the same.
3. The app was easy to use and manage. All the pages are easy to access and interpret.
4. No, was easy.
5. Yes, was easy.
6. I liked that page. The idea of seeing various persona types and then deciding on the one that matches me was great.

### Interview 4:

1. It looks better than the ones that I'm using now. And have some extra features.
2. I prefer apps with icons at the bottom, instead of a menu, but is an opinion. The actual design seems good to me.
3. Was easy, I didn't face any problems.
4. I didn't have any problem.
5. Was easy and the page looks useful. Usually, in this kind of application you are on your own, but the persona idea looks helpful.
6. Very easy.
